PPAR activation and decreased proliferation in oral carcinoma cells with 4-HPR (Harris et al). 2005;133:695–701
Targeted intra-arterial chemoradiation for advanced tonsil cancer (Naidu et al). 2005;133:882–7
Carcinoma, renal cell
Metastatic renal cell carcinoma presenting in the external auditory canal (Michaelson and Lowry). 2005;133:979–80 (Clin. photo.)
Carcinoma, small cell
Small cell carcinoma of the larynx: a case report (Hamid et al). 2005;133:647 (On–line case rep.)
Carcinoma, squamous cell
Combination docetaxel plus vitamin D_3 as an immune therapy in animals bearing squamous cell carcinomas (Young and Lathers). 2005;133:611–18
Induction of heat shock protein 70 inhibits NF-kappa-B in squamous cell carcinoma (King et al). 2005;133:70–9
Visual loss as the initial symptom of squamous cell carcinoma of the tongue (Foroozan). 2005;133:298–9 (Case rep.)
Carcinoma, verrucous
Carcinoma cuniculatum: verrucous carcinoma of the skin of the face (Gallo et al). 2005;133:640 (On–line case rep.)
Cardiopulmonary exercise test
Effect of treatment by laser-assisted uvulopalatoplasty on cardiopulmonary exercise test in obstructive sleep apnea syndrome (Lin et al). 2005;133:55–61
Carotid artery, internal
Intranasal extrusion of the endovascular coil after occluding internal carotid artery for massive nasopharyngeal bleeding (Shin et al). 2005;133:644 (On–line case rep.)
Cartilage
Cartilaginous choristoma of the bony external auditory canal: a study of 36 cases (Lee). 2005;133:786–90
Histopathologic effects of cidofovir on cartilage (Spiegel et al). 2005;133:666–71

Effects of cytomegalovirus (CMV) related deafness on pediatric cochlear implant outcomes (Lee et al). 2005;133:900–5
Expanding applications for the microdebrider in pediatric endoscopic airway surgery (Rees et al). 2005;133:509–13
Laser-assisted tympanostomy in pediatric patients with serous otitis media (Prokopakis et al). 2005;133:601–4

Parapharyngeal space hemangioma in a pediatric patient (Chrzanowski et al). 2005;133:455–7 (Case rep.)
Pediatric invasive fungal rhinosinusitis in immunocompromised children with cancer (Park et al). 2005;133:411–16
Pediatric tracheotomies in an Asian population: the Singapore experience (Ang et al). 2005;133:246–50
A prospective randomized single-blind trial comparing ultrasonic scalpel tonsillectomy with tonsillectomy by blunt dissection in a pediatric age group (Oko et al). 2005;133:570–84
Quality of life after adenotonsillectomy for SDB in children (Mitchell and Kelly). 2005;133:569–72

Chlamydia pneumoniae
The role of atypical bacteria in chronic rhinosinusitis (Lee et al). 2005;133:407–10

Cholecalciferol
Combination docetaxel plus vitamin D_3 as an immune therapy in animals bearing squamous cell carcinomas (Young and Lathers). 2005;133:611–18

Cholesteatoma, middle ear
Surgical treatment of retraction pocket with bone pate: scutum plasty for cholesteatoma (Hinohira et al). 2005;133:625–8

Cholesterol
Facial paralysis in a patient with cholesterol cyst of the petrous bone (Öztürk et al). 2005;133:643 (On–line case rep.)

Chondrocytes
Growth and phenotype of low-density nasal septal chondrocyte monolayers (Hicks et al). 2005;133:417–22

Chondrosarcoma
Mesenchymal chondrosarcoma of the nasopharynx (Hamada et al). 2005;133:639 (On–line case rep.)

Choristoma
Cartilaginous choristoma of the bony external auditory canal: a study of 36 cases (Lee). 2005;133:786–90

Cicatrix
Effect of topical mitomycin C on the healing of surgical and laser wounds: a hint on clinical application (Roh et al). 2005;133:851–6

Cidofovir
Histopathologic effects of cidofovir on cartilage (Spiegel et al). 2005;133:666–71

Cleft palate
Septopalatal protraction for correction of nasal septal deformity in cleft palate infants (Moore et al). 2005;133:949–53

Clinical photographs

Clinical trials
Optimal duration of allergic rhinitis clinical trials (Krouse et al). 2005;133:467–88

Cochlea
Cochlear changes in patients with type I diabetes mellitus (Fukushima et al). 2005;133:100–6

Cochlear implantation
Deafness after bacterial meningitis: an emergency for early imaging and cochlear implant surgery (Aschendorff et al). 2005;133:995–6 (Case rep.)
Effects of cytomegalovirus (CMV) related deafness on pediatric cochlear implant outcomes (Lee et al). 2005;133:900–5
A new minimal approach to cochlear implant surgery: the Colombian experience (Almario et al). 2005;133:147–9

Cochlear implants
Cochlear implant magnet displacement with minor head trauma (Yun et al). 2005;133:275–7
Spontaneous recovery of hearing in a cochlear implanted patient: a case that needs answers (Blanco et al). 2005;133:642 (On–line case rep.)

Computer simulation
The effects of previously acquired skills on sinus surgery simulator performance (Glaser et al). 2005;133:525–30
Use of ultra-high-resolution data for temporal bone dissection simulation (Wiet et al). 2005;133:911–15

Conjunctivitis, allergic
The effects of short-term immunotherapy using molecular standardized grass and rye allergens compared with symptomatic drug treatment on rhinoconjunctivitis symptoms, skin sensitivity, and specific nasal reactivity (Klimek et al). 2005;133:538–43

Constriction, pathologic
Airway complications from topical mitomycin C (Hueman and Simpson). 2005;133:831–5
Total nasopharyngeal stenosis: treatment with laser excision, nasopharyngeal obturators, and topical mitomycin-c (Jones et al). 2005;133:795–8

Corrections
Optimal duration of allergic rhinitis clinical trials (Krouse et al). 2005;133:999
Patterns of use of facial nerve monitoring during parotid gland surgery (Lowry et al). 2005;133:1000–1

Cost-benefit analysis
Cost–utility analysis of tympanomastoidectomy for adults with chronic suppurative otitis media (Wang et al). 2005;133:352–6

Craniocerebral trauma
Analysis of battlefield head and neck injuries in Iraq and Afghanistan (Xydakis et al). 2005;133:497–504
Cochlear implant magnet displacement with minor head trauma (Yun et al). 2005;133:275–7

Craniocervical junction
Management of the vertebral artery at the craniocervical junction (Çokkeser et al). 2005;133:84–8

Craniofacial abnormalities
Hydroxyapatite cement in craniofacial reconstruction (Verret et al). 2005;133:897–9

Cricoid cartilage
Cricoid palpability as a selection criterion for bedside tracheostomy (Husein and Massick). 2005;133:839–44
Multiple myeloma involving the cricoid cartilage (Peretti et al). 2005;133:643 (On–line case rep.)

Cryptococcus
A case of vocal cord cyst with cryptococcal infection (Bamba et al). 2005;133:150–2 (Clin. photo.)

Customer satisfaction
A simple and valuable approach for measuring customer satisfaction (Kinney). 2005;133:169–72

Cyanoacrylates
Superglue (cyanoacrylate) in the nose (Duvvi et al). 2005;133:803–4 (Case rep.)

Cysts
About the existence of a foraminal laryngeal cyst (Garrel et al). 2005;133:641 (On–line case rep.)

Deafness
Auditory brainstem implant (ABI): new frontiers in adults and children (Colletti et al). 2005;133:26–138

Decannulation
Powered instrumentation in the treatment of tracheal granulation tissue for decannulation (Fang et al). 2005;133:520–4
Deglutition
Electromyography monitoring of patients with salivary gland diseases (Vaiman et al). 2005;133:869–73
Physiologic model of oropharyngeal swallowing revisited (Martin-Harris et al). 2005;133:234–40
Deglutition disorders
Malignant solitary fibrous tumor of the hypopharynx with dysphagia (Mussak et al). 2005;133:805–7 (Case rep.)
Dentigerous cyst
Dentigerous cysts presenting as head and neck infections (Smith and Kellman). 2005;133:715–17
Dermatomycoses
Dermatophytosis of the ear (Morinaka). 2005;133:113–15
Dermatophytoses. *see* Dermatomycoses
Dermoid cyst
Giant dermoid cyst of the petrous apex (Misaswa et al). 2005;133:646 (On–line case rep.)
Desensitization, immunologic
The effects of short-term immunotherapy using molecular standardized grass and rye allergens compared with symptomatic drug treatment on rhinoconjunctivitis symptoms, skin sensitivity, and specific nasal reactivity (Klimek et al). 2005;133:538–43
Desflurane
Standard anesthetic technique for middle ear surgical procedures: a comparison of desflurane and sevoflurane (Jellish et al). 2005;133:269–74
Dexamethasone
Dexamethasone inner ear perfusion by intratympanic injection in unilateral Menière's disease: a two-year prospective, placebo-controlled, double-blind, randomized trial (Garduño-Anaya et al). 2005;133:285–94
Diabetes mellitus, type I
Cochlear changes in patients with type I diabetes mellitus (Fukushima et al). 2005;133:100–6
Dizziness
Rotational chair (ROTO) instead of electronystagmography (ENG) as the primary vestibular test (Arriaga et al). 2005;133:329–33
Docetaxel
Combination docetaxel plus vitamin D_3 as an immune therapy in animals bearing squamous cell carcinomas (Young and Lathers). 2005;133:611–18
Dressings, negative-pressure
A comparison of negative-pressure dressings versus bolster and splinting of the radial forearm donor site (Vidrine et al). 2005;133:403–6
Drug administration, topical
Comparison of delivery of topical medications to the paranasal sinuses via "vertex-to-floor" position and atomizer spray after FESS (Cannady et al). 2005;133:735–40
Sinonasal distribution of topically applied particles: computerized tomographic detection and the effects of topical decongestion (Senocak et al). 2005;133:944–8
Drug therapy
Targeted intra-arterial chemoradiation for advanced tonsil cancer (Naidu et al). 2005;133:882–7
Durapatite
Hydroxyapatite cement in craniofacial reconstruction (Verret et al). 2005;133:897–9
Dysphagia. *see* Deglutition disorders
